Re: Application No. 10/786,931

Dear Sir: Enclosed find patent application revised to meet objections raised in original filed.

1. Applicant name and phone number are removed.
2. Title has been shortened.
3. Claims. The phrases etc. have been removed. Wording has been revised for clarification, which now may not have made Fuentes anticipation valid.

Fuentes applications, in the main, rely on outside equipment. Our output is self-contained.

Very truly yours,

Burton Werbel
